## SUMMARY

- Experienced Coding Trainer with over 2 years teaching programming languages and full-stack development. Skilled in C, C++, Java, Python, JavaScript, React, and curriculum development. Strong background in software development, emphasizing scalable applications and student mentorship.

## TECHNICAL SKILLS

- Languages** : C, C++, Java, Python, **JavaScript**, SQL, **HTML**, **CSS**
- Frameworks** : **React**, Bootstrap, **Tailwind CSS**
- Tools** : Git, **GitHub**, **VS Code**, Jupyter Notebook, IntelliJ IDEA, PyCharm
- Concepts** : **Data Structures & Algorithms**, **OOPs**, OS, SDLC, DBMS
- Soft Skills** : **Teaching, Mentoring, Problem Solving, Leadership**, Content Writing

## EXPERIENCE

**Coding Trainer**  
Full-time

April 2024 – Present  
*Kodu - Powered By Dhurina, Sikar, Rajasthan*

- Delivered comprehensive training in full-stack development, covering frontend (HTML, CSS, JavaScript, React) and backend (Node.js, databases) technologies.
- Guided students through real-world projects, enabling them to build and deploy scalable web applications.
- Conducted hands-on coding sessions, fostering problem-solving and critical thinking skills.

**Software Trainer**  
Full Time

Nov 2023 – April 2024  
*Miracle IT Career Academy, Bhopal*

- Developed and delivered training modules in C, C++, Java, Python, and JavaScript, ensuring a strong foundation in programming concepts.
- Implemented project-based learning to enhance students’ practical coding skills and prepare them for industry challenges.

**Software Developer**  
Full Time

July 2023 – Nov 2023  
*Technoglobe, Jaipur, Rajasthan*

- Developed and maintained software applications, focusing on performance optimization and user experience.
- Collaborated with cross-functional teams to deliver projects on time, including feature development and bug fixes.

## PROJECTS

**Food Delivery App**  
*React, Tailwind CSS, Swiggy API*  
[Live](#) | [Source Code](#)

- Built a responsive food delivery app using React and Tailwind CSS, integrated with Swiggy API for real-time restaurant data.
- Implemented features like search, filter, cart management, and order tracking.

**30 Projects in 30 Days**  
*HTML, CSS, JavaScript*  
[Source Code](#)

- Developed 30 interactive web projects, including a Quiz App, Social Media Selector, and Calendar, to strengthen frontend development skills.
- Focused on responsive design, interactivity, and performance optimization.

## EDUCATION

**Rustam Ji Institute of Technology**  
*Bachelor of Engineering in Computer Science | CGPA: 8.52*  
Gwalior  
July 2020 – 2024

**BSF Senior Secondary School**  
*Intermediate with PCM and Computer Science | Percentage: 81.2%*  
Gwalior  
July 2019 – 2020

## CERTIFICATIONS

- [JavaScript Algorithms and Data Structures - freeCodeCamp](#)
- [Foundations of Cybersecurity - Google](#)
- [Problem Solving \(Intermediate\) - HackerRank](#)
- [Python for Everybody - University of Michigan](#)

## ACHIEVEMENTS

- Secured 27th Rank in Geeks Premier League (GPL 2023).
- Published 48+ articles on GeeksforGeeks, contributing to the tech community.
